

Dear Captain Billek Foundation Family, Friends and Supporters,

We hope that you are all staying healthy and safe during the COVID-19 outbreak. This has been a scary time for all of us with lots of unknowns on when this will settle down.

Our 5th Annual Drive Fore Melanoma Golf Tournament was scheduled to be held on Monday, May 18, 2020. We have been closely monitoring the guidelines set in place by our Governor, Hillsborough County, and the CDC regarding restrictions on events and large gatherings. Although we are still 5 weeks out from the tournament, we know that being able to hold the tournament as planned is not going to happen. The health and well being of all of you is a top priority of ours.

After weighing out the options of postponing the event or canceling it, we have made the decision to cancel this years golf tournament. There were several factors that helped us make this decision. We had very limited dates available from Carrollwood Country Club to choose from to reschedule in 2020. This pandemic has had devastating effects on people and small business including some that make up our family of support. Although raising money for melanoma research is important to us and a part of our goal, we feel that taking the year off to allow things to return back to “normal” is the right thing to do for all parties involved.

Please save the date for the 2021 Drive Fore Melanoma Golf Tournament which will be held on Monday, May 17, 2021.

We will be in contact with sponsors and golfers that have already paid to make arrangements to either refund your money or roll it over to the 2021 Drive Fore Melanoma Tournament. Please feel free to contact us with any questions you may have.

We thank you for your continued support to the Captain Billek Foundation. As a foundation, we will be working on other ways in 2020 that we can carry out our mission which is: raising AWARENESS, promoting EDUCATION, and supporting RESEARCH of melanoma.

Sincerely,

Pam Billek  
President
